### GOVERNMENT OF BRITISH COLUMBIA INFRASTRUCTURE SIGNAGE

Some projects will also be required to acknowledge Government of British Columbia funding through special signage on-site in addition to the minimum UBC DP application notification requirements. Reference to the format and conditions for this additional government funding acknowledgment signage can be found on page 4. Applicants should submit mock-ups of all signage for approval from Campus Planning prior to installation. Responsibility for verifying that the content and format of government participation signs meets the latest criteria and conditions of their project funding shall be the responsibility of the applicant project manager.

72" wide x 48" high

Note: no bleed added
